

# Hostazym X 1.0

**Functionality statement:** Contains a source of xylanase from *Trichoderma longibrachiatum* which hydrolyzes xylans, a component of hemicellulose. Reduces digesta viscosity in monogastric animals resulting from feeding rations based on typical swine and poultry diets.

**Ingredients:** Rice Hulls, Calcium Carbonate, Mineral Oil, Wheat Flour, Potato Starch, dried *Trichoderma longibrachiatum* fermentation extract.

## Guaranteed Analysis

Endo-1,4-beta-xylanase (*Trichoderma longibrachiatum*):  
Min. 3,000 EPU/gram

## Directions for Use

Add Hostazym X 1.0 at the rate of 454 grams or 1 lb per ton of feed.

**Caution: Feed containing Hostazym X 1.0 should not be pelleted at temperatures above 185°F (85°C).**

**Storage:** Store at room temperature in tightly closed, original container out of direct sunlight.

## Manufactured by:

Huvepharma, Inc  
525 Westpark Drive, Suite 230  
Peachtree City GA 30269 USA  
877-994-4883

NET WT - 50 lb. (22.68 kg.)
