

Bio-Cox[®]

Granular 60
(*salinomycin sodium*)

DESCRIPTION

Bio-Cox[®] brand of *salinomycin sodium* is a Type A Medicated Article for the prevention of coccidiosis in broilers, roaster, replacement (breeder and layer) chickens, and quail. Bio-Cox contains salinomycin sodium equivalent to 60 grams (13%) salinomycin sodium activity per pound of premix.

INDICATIONS

- For the prevention of coccidiosis in broilers, roasters and replacement chickens caused by *Eimeria tenella*, *E. necatrix*, *E. acervulina*, *E. brunetti*, *E. maxima* and *E. mivati*
- For the prevention of coccidiosis in quail caused by *Eimeria dispersa* and *E. lettyae*

MIXING DIRECTIONS

- Thoroughly mix Bio-Cox 60 Granular with non-medicated feed to provide the level of salinomycin sodium per ton as indicated in the table below.

Salinomycin Sodium Activity	Amount of Bio-Cox 60 Granular Type A Medicated Article (60 g/lb) Per Ton of Feed	
	lb	grams
(grams per ton)		
40	0.67	304
45	0.75	341
50	0.83	377
55	0.92	418
60	1.00	454

WARNING

- Do not feed to laying hens producing eggs for human consumption. When mixing and handling Bio-Cox 60 Granular premix, use protective clothing, impervious gloves, eye protection, and an approved dust respirator. Operators should wash thoroughly with soap and water after handling. If accidental eye contact occurs, immediately rinse thoroughly with water.
